

Apollo Hospitals
touching lives CHENNAI

This is to certify that Medimix Ayurvedic soap had been evaluated and found to be dermatologically safe for use. The Clinical Study was conducted on human volunteers by dermatologists at Spectra Clinical Research Centre, a division of Apollo Hospitals.

The study has also shown that

A) The product is effective in the treatment of the following conditions

1. Miliaria rubra (Prickly Heat)
2. Acne vulgaris (pimples)
3. Skin Infections like furuncles

B) The product is also recommended for the following benefits.

1. To reduce body odour

The Sponsor of the Clinical Study, M/s Cholayil Private Limited, can use the results of the trial conducted at our Trial Centre for substantiating their product claims and for commercial purposes.
